

20 24

VIRTUAL ORCHARD MEETUP SERIES

Water Wisdom: Navigating Tree Fruit Production Through Drought and Deluge
<https://bit.ly/2024-virtual-meetup>

- JUNE 6: Trends in Water Availability**
- JUNE 13: Role of Water in Tree Fruit Physiology & Quality**
- JUNE 20: Smart Watering: Practices for Irrigation Management**
- JUNE 27: Water Wisdom Unplugged: Panelist Q&A**

These meetups will provide an opportunity to discuss challenges related to water drought or excess, identify opportunities to improve fruit quality, and remain profitable. Led by a panel of scientists and tree fruit growers from across the United States and Canada.

All virtual meetup times:
4 PM (PST) / 7 PM (EST)

- Facilitated by:
- **Bernardita Sallato**, WSU Extension
 - **Daniel Weber**, PSU Extension
 - **Emily Lavelly**, MSU Extension
 - **Katelyn Hengel**, British Columbia Extension
 - **Kristy Grigg-McGuffin**, OMAFRA
 - **Lindsay King**, British Columbia Extension
